

**The Regular Board Meeting of the Town Board of the Town of Brighton was held on Thursday, January 9, 2003 at 6:45 p.m. at the Brighton Town Hall, Paul Smiths, NY, with the following:**

**PRESENT:** Supervisor Robert Tebbutt  
Council Members: Alicia Bodmer  
Linda Dobson  
John Quenell  
Steve Tucker

**ABSENT:** None

**OTHERS PRESENT:** Elaine Sater-Town Clerk, Amber McKernan-Tax Collector, Nik Santagate-Town Justice, and Tom Willis-Historian

**RESIDENTS:** There were several residents present.

**Meeting was Called to Order** by Supervisor Robert Tebbutt at 6:45 p.m.

***APPROVAL OF MINUTES***

**Motion made** by Alicia Bodmer **to accept the Minutes of the Regular Town Board Meeting of December 5, 2003, as written**, second by John Quenell, Aye 5

***TOWN CLERK REPORT***

**Total Revenue to Supervisor as of December 31, 2002 was \$421.08**

- 1 Dog License Renewal
- 2 Building Permits (BRI2002-46 & 47)
- 3 Copies on the copier

1. Received letter dated December 13, 2002 from Rouse Fountain, Re: Highway Garage/Site comments to be read at Board meeting, copy sent to board members. Board did not need letter read to them as it stated many of the same items covered in the December meeting
2. Sent fax December 19, 2002 to Adirondack Daily Enterprise, Re: Organizational Meeting on January 9, 2003 at 6:30 pm, published on January 2. Posted notices in three Post Offices, at local businesses, and on the Town Clerk's sign board
3. December 19, 2002-Faxed update of Town Officials to Franklin County Legislature
4. Received information from Association of Towns to be read at Board Meeting, Re: Training Sessions available for Town Officials from February 16 to 19, 2003 in New York City at Annual Meeting, copies sent to board members
5. Received notification of Order for Dog Quarantine in Franklin County, all dogs are to be securely confined between December 12, 2002 and May 1, 2003 so they do not pursue and kill deer
6. Annual Town Clerk Cash Report for 2002 presented for Audit by Board; a summary sheet was given to the Board Members showing income and outflows. Members of the Board signed Cash Book.
7. RECORDS MANAGEMENT: Files up to 1995 were disposed of during the year by shredding, burning, or burying depending on nature of information and in accordance with the State Archives Schedule MU-1. Non-permanent Court files up to 1995 were also disposed of by shredding and burning. Permanent and archived files are stored in the Town Garage and the Vault.
8. PARK SCHEDULE: None
9. TOWN HALL SCHEDULE: Food Pantry Thursdays, January 2 and 16
10. Need a resolution to purchase map cabinets

**RESOLUTION #3**

**AUTHORIZATION TO PURCHASE MAP CABINETS**

**Motion made** by John Quenell **to authorize the Town Clerk, Elaine Sater, to purchase two map cabinets with bases from Viking Office Products for \$2,219.96 to be delivered to the Highway Garage (second quote from Lakeside Office Supply for \$2,986.00)**, second by Robert Tebbutt, Aye 5

**Resolution #4 declared duly adopted.**

- HOLIDAY PARTY AT ST REGIS INN:** Hosted a holiday party at the St Regis Inn on December 20, 2002, for Town residents and employees to get together socially, about 30 attended. Contracts were made with Camp Gabriels management and possibility of more help from crews was discussed. Would like to do this every year for the Town.
- CHRISTMAS TREE AT PARK:** Asplin Tree Farm donated a tree to the Town; Steve Tucker put it up at the Park and decorated it. Vandals destroyed the tree within a week. Hopefully a better place will be found next year for a tree.
- DEED FOR TOWN HALL:** Paul Smith College owns the land where the Town Hall is located. The college is willing to transfer the property to the Town if the Town pays the expenses for the deed transfer. The Attorney for the Town, Scott Goldie, is working on the transfer. A survey of the land will have to be completed, quotes are needed to perform the service.

**OLD BUSINESS**

- HIGHWAY GARAGE-GROUNDWATER TEST RESULTS:** Three groundwater tests were completed by Alton Knapp on Paul Smith College land where the sand mine is located. There was no petroleum contamination found, sodium levels in two of the three tests were near threshold. These tests were taken as a result of a meeting between the Town of Brighton and Paul Smith College on December 10, 2002. John Quenell, Alicia Bodmer, Robert Tebbutt and Don Oliver attended as well as three Paul Smith College employees. The wells by the Town Garage were tested again and the levels of petroleum contamination are lower than 6 months ago.
- NEW HIGHWAY GARAGE PROJECT:** At the meeting with Paul Smith College on December 10, 2002, the Alpo property was discussed. The building is not suitable and the property is expensive. The College is not willing to donate it to the Town. They have a buyer and are waiting for the Town's decision. There are no other places available from the College for the Town's use. Supervisor Robert Tebbutt will contact Dr Miller at the College and tell him the Town is not interested in the Alpo property. With the tests results showing a change in the petroleum contamination the current garage site might be suitable after all.
- SAND MINE CONTRACT:** Paul Smith College requested water tests to determine that the Town Garage has not contaminated their property. The Town will add a hold harmless clause to the contract. This satisfies the College's concern about their image of being an environmentally friendly college. The Attorney for the Town, Scott Goldie, is revising the contract.

**RESOLUTION #5**

**AUTHORIZATION TO APPROVE SAND MINE CONTRACT WITH PAUL SMITH COLLEGE**

**Motion made by John Quenell to approve and authorize Supervisor Robert Tebbutt to sign the Agreement between Paul Smith College and the Town of Brighton regarding Town use of a sand mine on College property located on Franklin County Route 31 for a period of ten years, second by Alicia Bodmer, Aye 5**

**Roll Call Vote:**

**Resolution #5 declared duly adopted.**

**NEW BUSINESS:**

**SHOOTING RANGE ON ALPO PROPERTY:** Asked for Citizens Comments on the Shooting Range proposed for the ALPO Property in Gabriels

**Rich Harrison-Rainbow Lake:** Asked what was proposed for the ALPO Property and could it be used for more than just shooting such as chemical disbursement?

**Supervisor Robert Tebbutt** said that New York State was looking at 3 places to have a shooting range for their employees and the ALPO Property in Gabriels was one site.

**John Quenell** said he spoke to Justine Taylor at Camp Gabriels. The ALPO property is currently being used by Camp Gabriels as a shooting range. Once the State purchases the property they can use it for any purpose they choose.

**Dave Johnson Rainbow Lake** read a Statement to the Board

**Motion made by John Quenell to make the Statement of David W. Johnson a part of the record of this meeting, second by Robert Tebbutt, Aye 5**

**Statement of David W. Johnson**

I first moved to the Town of Brighton in 1963. Since 1977 I have owned and paid taxes on between 6 and 9 parcels of land in the town. I have been in the tree farming business for many years and have graduate degrees in agriculture and environmental science. I would like to go on record as firmly opposed to a regional rifle range operated by the State of New York in the Town of Brighton. This is exactly what has been proposed to the town. The site proposed is the 16-acre parcel owned by Paul Smiths College, and operated in the past as the site of the Alpo International Dog Sled Races. I have been exposed to many aspects of military, state, and land planning and use feel that this town needs to know some of the very negative impacts that we will have to suffer if such a range is developed.

Raybrook currently has rifle and pistol ranges, and they have been attacked as obnoxiously loud and have failed many environmental criteria.

I began work for the Conservation Department in 1967 at Raybrook. In the 1970s I worked in Raybrook for the Conservation Department, Forest and Water Project Review for the Adirondack Park Agency. As recently as the late 80's I continued in various project review positions in Raybrook as a scientist. No one foretold the impact that the Raybrook ranges would have on tourism, aesthetics, and the image of Raybrook before these ranges were in place. Today the anger with the Raybrook ranges has developed into such a staunch opposition that the State of New York is looking elsewhere.

I believe it has been said by public officials that if it comes to a choice between a shooting range in Raybrook or in Gabriels, that the range will go in Gabriels. My position as a former environmental officer with the US Army, and a landowner in the Town of Brighton is that neither site is appropriate. Once the site is acquired by the state its use may even be exempt from any town ordinances or restrictions. Any town resident within earshot of high-powered rifle volleys had better make their own assessment of this situation as swiftly as possible.

Indoor ranges for such live fire training would be cost prohibitive and exceed legal exposure to lead levels. Outdoor ranges, even the wickedly expensive "California Style" ranges are noisy. The noise from AR-15s travels about five miles depending on terrain, weather etc. You can hear the Raybrook ranges very clearly from Saranac Lake almost to Lake Placid. At Gabriels you can presently hear the much quieter Smith & Wesson .38 handgun fire from Rainbow Lake to Easy Street. It will be worse with high velocity rifle fire. Muzzle velocity leaving a .223 Remington (M16, AR 15, etc.) is in the range of 3,200 feet per second. I suggest if you doubt this travel around the Raybrook area when the ranges are active! The campground and motel business owners in Raybrook have been out to stop that war zone sound for some time. I for one do not blame them for demanding relief. But in an Adirondack Park, where a privately proposed rifle range would be stopped at the first review, I question such a land use ANYWHERE WITHIN THE BLUE LINE.

I doubt that the proposed Alpo site would get on a list of any merit with the US Military, due to proximity to a state highway, and the size of the land in question. I cannot think of one place in the Town of Brighton to place such a range based strictly on the ability of land to withstand use that is the underlying concept of public and private land use in the Adirondack Park.

Do you know of a single National Park that has a regional rifle range? I am familiar with many of the 386 National Park Lands in the USA, and have asked this question to other devotees of the United States National Parks System. It seems to be current land acquisition wisdom that such a land purchase must proceed in secret, when in fact with NYS property taxes the way they are; nothing could be further from the truth! I would demand that if such a use were entertained any further it go to public hearing. Surely there are better uses of the Alpo Site that in the long run will benefit the College of the Adirondacks far more than a range that can be heard from the main campus of Paul Smiths.

I propose that the Town of Brighton begin drafting a noise control ordinance that will keep this town the wonderful place it is. Every snowmobile driver, every chainsaw owner, etc. will in the long run benefit from better hearing. One of the most enviable businesses in the Town of Brighton are camp rentals. The success and history of these businesses is truly remarkable (check out the Brighton Story by Geraldine Collins, or Brighton 2000)! Excessive noise hurts those businesses and every caring resident in the town.

**Debbie Trim-Rainbow Lake:** If Paul Smith College is concerned about being environmentally friendly they should not be selling this land to the state for a purpose that is not environmentally friendly. The citizens have shown their displeasure at using this land for a shooting range.

**Dave Johnson-Rainbow Lake:** People at Paul Smith College can stop the sale of the land to the state. An indoor range cannot be used any more because of the lead level. The outdoor ranges are very noisy.

**Supervisor Robert Tebbutt** thanked Dave Johnson for his input on this issue.

**Noel Prellwitz-Rainbow Lake:** Rents cabins during the summer, his product is clean air, clean water, and quiet. Many customers come from all over the world for peace and quiet. The noise from a shooting range will damage his business.

**Tom Willis-Rainbow Lake:** A newspaper article in the Adirondack Daily Enterprise from Joe Hackett addresses the concern of lead pollution from the shooting range in Raybrook.

**Motion made by John Quenell to authorize the Supervisor Robert Tebbutt to contact the Attorney for the Town, Scott Goldie, to determine the Town’s rights concerning noise issues, second by Alicia Bodmer, Aye 5**

**REPORTS**

1. **COURT (Santagate):** 46 Cases were disposed and \$1,760.00 was sent to the State Comptroller’s Office. Court was closed the 25<sup>th</sup> of December and the 1<sup>st</sup> of January 2003. A record year for 2002 with 600 cases disposed and over \$31,000 sent to the Comptroller’s Office
2. **HIGHWAY COMMITTEE (Quenell/Oliver):** Sanding and plowing roads daily, especially on the weekends. The sand pile is quickly being depleted. Made arrangements with Camp Gabriels to clean vehicles and Highway Garage once a week. The new truck from 2002 and plow are working very well. Need a resolution for the agreement for the expenditure of highway moneys.

**RESOLUTION #6**

**AGREEMENT FOR THE EXPENDITURE OF HIGHWAY MONEYS FOR 2003**

**Motion made by John Quenell to accept the Agreement between the Town Superintendent of the Town of Brighton, Franklin County, New York, and the undersigned members of the Town Board. Pursuant to the provision of Section 284 for the Highway Law, we agree that moneys levied and collected in the Town for the repair and improvement of highway, and received from the State for State Aid for the repair and improvements of highways, shall be expended as follows:**

1. **GENERAL REPAIR.** The sums of \$35,000 shall be set aside to be expended for primary work and general repairs upon 1 mile of town highways, including sluices, culverts and bridges having a span of less than five feet and boardwalks or the renewals thereof.
2. **PERMANENT IMPROVEMENTS.** This following sums shall be set aside to be expended for the permanent improvement of town highways: On the road commencing 1 mile from the Santa Clara town line and leading to the Santa Clara town line, a distance of 1 mile, Type: Blacktop, Width of Traveled Surface: 20’, Thickness: 2”, Subbase: Blacktop

**3. INSURANCE/INVESTMENTS (Quenell/Dobson):** Nothing to Report for Insurance. The Collateral Agreement with NBT Bank for Investments was sent out.

**4. ASSESSOR (Tichenor): No Report**

**5. TAX COLLECTOR (McKernan):**

- a. Very busy during December and January. Notified by the Real Property Office that the bills would be ready on December 26. Picked them up; sorted and pulled the bills for the mortgage companies and those institutions that serve them. Prepared the bills for the general population. The Warrant to collect taxes was signed by the County Legislature on 30 December 2002 and received on 31 December 31, 2002.
- b. Received 6 phone calls from individuals requesting the amount of their tax bills so that they could pay before the first of the New Year.
- c. Tax bills were readied for mailing and delivered to the respective local post offices on 31 December 2002.
- d. Prepared the Public Notice of receipt of Tax Warrant to be posted at each of the post offices and at the Town Hall, both on the inside bulletin board and in the outdoor case. Posted on December 31, 2002.
- e. Faxed the Public Notice to the Adirondack Daily Enterprise on 31 December 2002 requesting it be published for two consecutive weeks as mandated by state law. It was run on January 4 and will run again on January 11, 2003.
- f. The Total Tax Warrant for the 2003 tax year is as follows and is compared to 2002:

TOTAL 2003 WARRANT:	\$1,239,049.90	2002:	\$1,091,138.06	(\$147,911.84 Increase)
TO SUPERVISOR:	\$ 505,979.00		\$ 462,994.00	(\$ 42,985.00 Increase)
TO TREASURER:	\$ 733,070.90		\$ 628,144.06	(\$140,926.84 Increase)
COUNTY TAX:	\$ 683,883.00		\$ 552,766.29	(\$ 131,116.71 Increase)

The balance of those funds due the treasurer represents returned school taxes (\$44,242.86) miscellaneous charge backs (\$832.04) and Rainbow Lake Water Protection District (\$4,113.00)

- g. Collected \$1,130.55 for the Month of December 2002. Received and balanced the bank Statement. There remains an outstanding check #376 in the amount of \$2.00, issued to the Deputy Supervisor Alicia Bodmer on December 5, 2002.
- h. Collected \$86,688.66 to date from 90 parcels, issued Check #377 in the amount of \$60,000 to the Supervisor Robert Tebbutt as the first payment to the Town of Brighton for 2003 tax year.
- i. Have received several phone calls and sent 15 faxes to various agencies and offices.
- j. Working with the Real Property Office to correct an error to the tax roll. It should be resolved within two weeks
- k. Would like to put a note in the tax receipts regarding the new Town Website

**6. CODE ENFORCEMENT OFFICER (Lagree):**

- a. Twenty Building Permits completed for 2002 out of 47 requested
- b. 23 completed and 7 renewed out of 37 for 2001

**7. CEMETERY (Dobson):** Nothing to report

**8. PARKS AND RECREATION (Tucker):**

- a. Dan Spencer would like a cover for the snow blower to protect him from the snow while using it. There is one on sale at Sears for \$198.00.

**RESOLUTION #7**

**AUTHORIZATION TO PURCHASE SNOW BLOWER COVER**

**Motion made by John Quenell to authorize the purchase of a cover for the snow blower at the Town Park from Sears not to exceed \$200, second by Alicia Bodmer, Aye 5**

**Roll Call Vote:**

**Resolution #7 declared duly adopted.**

- b. **SNOWMOBILES:** According to Jerry Gilmett of Franklin County Snowmobilers the insurance has been reinstated for snowmobiles to be covered on private property. Grooming will begin as soon as the written word is received. State owned trails are already covered.

**9. IRS SECTION 125 ADMINISTRATOR (Willis):** Met with bookkeeper to discuss the procedure for payroll to implement the Plan. The bookkeeper was going to call the Comptroller's Officer for further information on this subject

**CITIZENS COMMENTS:**

**Eileen Leavitt-Gabriels:** Are the Highway vehicles being washed at the Town Garage and do they have a water reclamation system? The Post Office cannot wash vehicles because of the salt. Supervisor Robert Tebbutt said this would be looked into. Camp Gabriels is interested in helping the Town with anything it can such as litter pick-up and washing vehicles. They will also wash the fire trucks. Alicia Bodmer said Camp Gabriels has its own Waste Water Treatment Plant.

**Tom Willis-Garondah Road:**

- a. Would like to thank Alicia Bodmer for the great effort she put into being the Deputy Supervisor. Alicia Bodmer said she did it with the help of the whole board.
- b. Anything new with Evergreen Trailer Park other than what the paper has said about a new owner? John Quenell said he has heard nothing else
- c. What happened to the Jet Ski Signs for Osgood Pond and St Regis Lakes? Camp Gabriels were going to make them after the wording was acceptable. John Quenell will look into this further.
- d. Is the Town buying a new front loader? Supervisor Robert Tebbutt put this off until the next meeting since he needed more information.

**Nik Santagate-McColloms:** Would like to know how the Board calculated the salaries that they voted on for the 2003 budget for Town Officials and employees. Alicia Bodmer said that the Board used a report compiled by a committee of citizens to set target salaries. Nik Santagate said the report was well done. He was puzzled why the report only used the salary of one judge for Towns with two judges when the salaries were combined for Towns with three Assessors. Alicia Bodmer asked Tom Willis to respond to the reason for using the numbers he did. The Town has never had a basis for salaries and this was an attempt to try to set a basis for salaries so there is something to use for the future.

**Tom Willis** said that 26 towns responded to his request for information. This number was too large to use so only the towns used had a budget similar to the Town of Brighton (from \$500,000 to \$1,000,000). An assumption was made that when a judge worked every other week two salaries should not be combined so only one judge's salary was used. Three assessors in one town did one job in Brighton so their salaries were added together and an average was used. This is how industry would have done this. The committee was attempting to establish salaries for positions ignoring people. The amount of time in the job was not taken into consideration.

**Amber McKernan-Gabriels:** Was the difference in the time tax collector was responsible to collect money taken into consideration? Essex County only collects for 3 months; Franklin County collects for 5 months.

**Tom Willis:** Time was not taken into consideration, only the split between Town Clerk and Tax Collector when the position was one person. This was considered at a 75/25 split based on how the Town's split it.

**Tracie Santagate-McCollom's:** The caseload should be used for judges to be fair. Two judges should have their caseload added together to compare. True numbers should be used. The number of months a Tax Collector actually works should be considered.

**Tom Willis:** True numbers were used. Assumptions were made based on the information given.

**Nik Santagate:** The report is well done and valuable to the Board. He wished the Board would read the report carefully and look at the numbers used. The Board did not notice things in the Report that should be looked at to see the affect on the salaries. The Tax Collector is above the target; does this mean she will never get a raise again?

**Tom Willis:** The other things that should be looked at are benefits. Many tax collectors and judges don't get health benefits in other Towns.

**Nik Santagate:** The court clerk got a 33% raise. This is wonderful except he can't use it unless he raises her hourly rate and she is already above the target for Court Clerk. She cannot work any more hours than she does. Would like to give this amount to the Tax Collector to purchase a computer. Would have liked to have had input on this increase in her salary. There were no wish lists given out for people to request what they wanted in the budget so he had no input into this budget.

**John Quenell:** Money is already in the budget for a computer. This was not a raise but a realignment of salaries based on the study. People could have come to the Budget meetings to hear the discussion of this report.

**Tracie Santagate:** Would like to know how the salaries were set for this year and what is the board planning to use in the future. They need to be consistent. There has never been consistency in how the salaries are set.

**Steve Tucker:** How would Nik like to see the salary set in the future; should caseload be used?

**Nik Santagate:** Time in service and caseload should be used, as well as other benefits given. Not complaining about current salary, would just like to see consistency in setting salaries. Would like to be able to make sense out of how salaries are set.

**Supervisor Robert Tebbutt:** Would you like to be more involved in budget process? Is this required?

**John Quenell:** It is state law that Town Officials give input to the Budget through the wish list.

**Nik Santagate:** Would like to get a wish list like every other year to give his input.

**Amber McKernan-Gabriels:** At one time there was a noise ordinance proposed; if this were passed would the state be able to circumvent it?

**Supervisor Robert Tebbutt:** The Attorney for the Town is being consulted on this issue.

**Rich Harrison:** Machines in the town are new and louder than ever. This will become an issue for more than just the shooting range at Camp Gabriels.

**Dave Johnson:** People using these machines need to be more considerate of other people. Companies need to make the machines quieter. This is one of the quieter towns he's lived in.

**OTHER BUSINESS:**
