SUPERVISOR'S REPORT AND CORRESPONDENCE:

BUSINESS AT HAND

1. **APA Notice:** Project Notice 2000-54: **Adrien Girouard property;** an appraiser is being sent to look at the property so that New York State can make an offer on the property, it should take 45 to 60 days to advise on the purchase offer. The application is complete at the APA; September 21, 2000 is the deadline for comments on the project.
2. **LANDFILL CLOSURE** Project Status: Bid packages are ready to go out. The question is whether to start now or wait for Spring 2001, waiting for Griffin International to give guidance.
3. **SPECIAL EVENTS PERMIT:** In August the Town Board denied the Special Events Permit to the "Ruff Riders" ATV Club. The Club held the event anyway and about 100 ATV's drove down Keese Mills Road on September 9, 2000. The State Troopers were not available to enforce the law. Supervisor Leifheit was in contact with Major Warburton and the Major forgot to notify his zone officer about the event. The Board would like to meet with the State Troopers, the "Ruff Riders", and any other interested parties to determine if an alternative route is available for ATV use. The Town Board is disappointed that the "Ruff Riders" requested a decision from the Town then did not abide by the Town's decision. Supervisor Leifheit will write a letter expressing his disappointment to the "Ruff Riders" for not abiding by the Town's decision.
4. **Paul Smith's College Correspondence:** Sent a letter dated August 31, 2000 to Paul Smiths College, Re: Truck traffic on Route 86, the residents are concerned with the speed of the trucks, especially in the reduced speed areas of the Town. George Miller, President of Paul Smith' College, answered with a letter

2. COURT: 23 Cases were processed and \$1,465.00 in fines was sent to the State Comptroller. Since August 31, 2000 there have been 30 cases, truck traffic tickets have been for over weight loads not speeding.

9. INSURANCE: Nothing to report.

CITIZENS COMMENTS:

Tom Willis-Garondah Road: Is there any word on an alternative Rescue Service for the Town? Nothing definite.

Arlene Hogan-Rainbow Lake Road: There should be information available from previous discussions on the rescue contract. It was heavily discussed year ago.

Roger Smith-Fire Chief: The Fire Department has looked into setting up a service but it is much more expensive to start-up a service than to use the rescue service from the Village of Saranac Lake.

Ed Rogers-Keese Mills Road: Is 911 available yet? No, the money collected by the phone company is being used to set up the Enhanced 911 program in Franklin County.

Tom Willis: Are new owners assessed at the value they pay for their property? Our Assessor Doug Tichenor doesn't use "outlander" sales for assessing property he uses reasonable sales to determine assessments.

Traci Santagate- McColloms: Could assessor come to meeting and answer questions from residents?

Pat Willis - Garondah Road: Are individuals who use the Airport going to be approached for more contributions? No one knows. Did Supervisor Leifheit send in request for funds from Lake Champaign Basin Program for Euro Milfoil Water Project? Yes it was sent in last week.

Balances of Accounts as of August 31, 2000 were available and are attached.
